

What is the purpose?

- Why we need to visualize?
- Why is this format?

THE MUSIC APP

The idea is to visualize music → let's extend that!

Wellware?

Wellware is difficult to see for users

Let's transform it into music and visualize it?

An art gallery of wellware visualized music

↳ all wellware?

Wellware used in Latin America

How?

We can take the hash of the file and map it into notes.
What sound? might be the best.

How will it load into the website?

Create a file of the sound → midi

↳ Create the sound with the website

Let's explore what is the best!

Visualize? How?

Wellware is confusing → take this idea!

Multiple visualizations

How will it achieve the purpose?

What tools will we use?

How will it sound?

Like noise → inspiration from Luigi

Inspiration from
Claudio Garmieri

Visualize? How?
Workflows is confusing →
take this idea!

Multiple visualizations
showing at the same
time.

The look?

Lines mostly in different
colors
Inspiration from
Pollack

Use the visualizations
provided →

- ① Ridge block
- ② Noise
- ③ Curve
- ④ Needle
- ⑤ Spectrum

And?

⑤ Hash visualizer

⑦ Matrix visualizer

→ play music and
show it's binary
→ ASCII art
